LA COULEUR DE L'AMOUR

SPRING SUMMER 24

A celebration of life, colour painting our days through a summer of love.

Teleporting ourselves to the le Luberon region in the South of France.

Plum, papaya , lavender and sky blue are mixed with rich deep red, emerald and cactus green.

Natural hues of crisp white and bones and intoxicatingly beautiful embroideries of rope work on silk , patchworked against washed out vintage chevrons and tuscan hand made laces.

This is The Colour Of Love.....
